Dear George:

It was a pleasure to have you present to my graduate level class, Community and Organizational Practice.

The University of Kansas' School of Social Welfare takes seriously the importance to provide diversity training for their students in the master level social work program. You have a wealth of information on the subject you presented on, and your ability to engage the students during your presentation was impressive. I have had several positive comments from the class on your presentation.

I look forward to working with you in the future. If I can be of any assistance to you, please do not hesitate in contacting me. Thank you again!

Sincerely,

Mark D. Anderson, MSW
